Ms. Lacey Evans
U.S. Army Corps of Engineers
Attn: CENAB-OP-TR
Baltimore, MD 21203

Dear Ms. Evans:

On June 17-20, 2002, I conducted aerial surveys for gypsy moth-caused tree defoliation at Alyesworth Creek, Cowanesque Lake, Curwenville Lake, Indian Rock Dam, Jennings Randolph Lake, Alvin R. Bush Dam, Stillwater Lake, Tioga-Hammond Lakes, Raystown Lake and Foster Joseph Sayers Dam. I am pleased to report that no defoliation was detected at, or in the vicinity of, your sites.

However, if you anticipate requesting either financial or technical assistance for gypsy moth control in 2003, please contact Brad Onken or me by letter or telephone (304) 285-1541 before August 22, 2002.

Please contact me at the above number if you have any questions regarding this aerial survey letter.

Sincerely,

RODNEY L. WHITEMAN
